

## BLAIRSVILLE MINISTER MUST ANSWER IN COURT

Governor - Elect Sues  
Preacher for Alleged  
Libel

RETRACTIONS BY EDITOR

Admits That Charges of  
Drunkenness Made in Paper  
Were Incorrect

The Rev. William L. Barrett, pastor of the First Presbyterian church of Blairsville, Pa., must answer in the criminal court of Indiana county for charges he made from the pulpit against John K. Tener, the Governor-elect of Pennsylvania. The preacher was arrested yesterday and gave bail for court. The trial will be held in Indiana, Pa., during the first week of December and Mr. Tener will be present.

The information against Mr. Barrett was made yesterday at Indiana before Justice J. A. Grossman by Walter H. Gaither, private secretary for Mr. Tener. The charge against the preacher is that of libel and procuring the publication of libelous statements. The later offense consisted in having his sermon printed in the Blairsville Courier. Charles Kerler, Jr., editor of the Courier has issued a statement to the public in which he apologizes for the publication and says that the charges against Mr. Tener were entirely unfounded.

On October 23, Mr. Barrett preached a sermon to his congregation in which he referred to Mr. Tener, who was then the Republican candidate for Governor in the following language:

"One of the most prominent ministers of this presbytery, a pastor of a church of nearly 600 members, saw this man assisted to a room in a hotel in a state of intoxication and the next morning it took two men to assist him to the railroad station to put him on the train and start him home."

This utterance is made the basis for the libel charge. Mr. Barrett is accused of carrying a copy of his sermon to the office of the Blairsville Courier and arranging to have it published. He is credited with having corrected the proof sheets before the publication was made. This action forms the basis for the charge of procuring the publication of libelous statements. The accusations made by the preacher are denied by Mr. Tener and held to be absolutely false, untrue and incorrect.

When Mr. Tener heard of the preacher's charge he immediately denied them from the stump, and decided that he would begin prosecution whether he won or lost the Governorship. Since the election Mr. Barrett has accepted a call to a charge in Bellefontaine, O. He expected to leave Pennsylvania about the first of the new year.

When the warrant was served on Mr. Barrett he gave bail before Justice J. G. Geib of Blairsville. His bond is for \$500 for his appearance in criminal court during the first week in December. His bondsmen are T. C. Watson, W. M. Hosack and C. H. Moore.

Editor Kerler of the Courier will not be arrested as he has made a complete retraction and issued the following statement "to whom it may concern":

"In order that no injustice may be done to Gov.-elect John K. Tener in the interest of truth and justice, the undersigned editor and publisher of

J. K. Tener, Pres. S. A. Walton, Vice Pres. R. H. Rush, Cashier.

## More Thankful Every Year

As the months and years go by everyone is reminded of the wisdom of having a bank account, and each year is more thankful that he made his first deposit in the bank, because it was a constant incentive for the saving of more money. You are cordially invited to open an account with us.

## PREVIOUS RECORDS SMASHED

Pennsylvania Furnished  
Much Coal For  
Lake Trade

SEASON CLOSED LAST WEEK

Pittsburg Field Benefitted by  
Suspensions in Illinois  
and at Irwin

With the close of the lake trade coal season last week closed what has proved a record breaking period for coal shipments from Western Pennsylvania. This year practically all the coal for the lake trade, which usually comes from other fields, was furnished by the Pennsylvania mines.

The lake trade season essentially closed the first of last week, although there are still a few shipments of coal to be made to go in the hulls of ore carriers bound up the lakes on their final trips. Insurance on the carriers is now bid and the ore trade all but over. All the coal companies enjoying the benefit of the lake trade have had good seasons, and the Pittsburg Coal company and the Pittsburg-Buffalo company have done particularly well.

Coal authorities state that the 1910 season will show a clear gain of more than 3,000,000 tons over the showing of 1909, and will break all existing records. There were other causes besides the unexcelled quality of Western Pennsylvania coal that have contributed to the increased business. The strike in the Illinois field was a large factor. The Western Pennsylvania and Monongahela valley companies supplying coal needs in territory which usually draws its supply from the closer fields. The Irwin field strike was another factor which helped the active companies in the valley.

## DIES FROM INJURIES

Young Miner Hurt Ten  
Weeks Ago in  
Local Mines

MULE FELL ON HIS CHEST

From injuries received ten weeks ago in the Charleroi Coal mines, when a mule fell on him, Joseph Baker, 19 years old, the son of Mr. and Mrs. Michael Baker of 1205 Meadow avenue, died yesterday in the Mercy Hospital at Pittsburgh. The injuries causing his death were about the chest.

The funeral of the young man who was a well known young Italian, will be held Thursday, and interment will likely be in the Charleroi cemetery.

## UNCLE TOM'S CABIN COMING

One of the real treats of each theatrical season is that old but ever popular stage story "Uncle Tom's Cabin" as presented by Stetson's big spectacular company, which will be seen at the Coyle Theatre, matinee and night, November 25. As in former years, Manager Washburn has equipped his sterling company with new effects, and some startling scenic, electrical and mechanical surprises are promised. The vaudeville and specialty numbers are said to be of the 1910 order while the negro melodies and the old southern plantation songs are rendered as only the genuine southern darkies know how to sing them.

## RUNAWAY ALMOST A TRAGEDY

Councilman Has a Nar-  
row Escape from  
Instant Death

ENGINE SCARES HORSE

Animal Dashes up Hillside  
and Overtakes Buggy on  
the Driver

Councilman Charles Schmeier had a narrow escape from death yesterday in a runaway of his horse on the Maple Creek road. As it was, the councilman and meat dealer was seriously injured, and when he was picked up it was at first thought he was dead.

Mr. Schmeier with others in his employ were driving cattle down the Maple Creek road to his slaughter house in Twilight borough territory. When not far distant from the garbage furnace a traction engine of the Donora Construction company, driven in an opposite direction was encountered. The engine was stopped until the cattle passed, and then Mr. Schmeier claims was started up again. W. H. Hennen was driving in a buggy in front of Mr. Schmeier. Hennen's horse became frightened and backed into the rig of Councilman Schmeier. This scared the latter's animal and it whirled and dashed away, one shaft beating its side and spurring it on to greater speed.

The horse nearing Michener's stable a few hundred feet away from the garbage furnace, dashed up the hillside and the buggy was overturned. This threw Councilman Schmeier out, who had managed to thus far retain his seat and dragged him a distance of some 25 or 30 feet. The buggy fell on him and the frightened horse tearing the harness into bits escaped and dashed madly into town.

The councilman was picked up unconscious by friends and brought home. Dr. J. W. Patton was called in attendance. Councilman Schmeier was bruised and otherwise hurt about the right side of his body and his right arm is practically useless. Apparently no bones were broken, and it is hoped he will be completely recovered within a few days. The buggy was entirely wrecked. This Mr. Schmeier says with the harness destroyed, entail a loss of about \$50.

## STARTING SCHOOLS

Miners Will Be Given  
Opportunity to Bet-  
ter Themselves

ONE TO BE AT PRICEDALE

Three mining schools are being established in this immediate section partly as a result of a meeting held here last Saturday night of superintendents and mining men. These are at Pricedale, Fayette City and Coal Centre. Thomas Eastman, the superintendent of the Pricedale mines, is starting the one at Pricedale, Thomas Cavanaugh, superintendent of Arnold No. 1 and No. 2 mines, the one at Fayette City, and Thomas Locke, a mine foreman, the one at Coal Centre.

## MINES AND INDUSTRIES HAVE BIG PAY THIS WEEK

TURKEYS LOWER  
THAN LAST YEAR

Thanksgiving Fowls Retailing  
in Local Markets at 25c  
Dressed

The average price of turkeys dressed for Thanksgiving is 25 cents, as predicted several days ago by a local butcher. They are selling at 18 cents live weight wholesale. Chickens are selling at 20 to 22 cents per pound dressed. Both turkeys and chickens are cheaper than they were last year.

## MANY ARE AIDED BY POOR FUND

Treasurer Makes Re-  
port of Expenditures  
During Year

GROCERIES ITEM LARGE

Nineteen different families were given help during the past year through the finances of the Charleroi Poor fund and a number were supplied with clothing. Several families were furnished with coal during last winter by Mr. Tait. William Gelder, the treasurer of the poor fund, today issues his annual report. It follows:

Money in hand Nov. 23, 1909 \$22.14  
Thanksgiving Collection 23.72  
Received from Sam. Cheshire, 1.00  
Received from Mr. Hornell, .60  
Received from J. D. Berryman, 50.00  
Received from J. D. Berryman, 45.00

Total Receipts.....\$142.86  
Disbursements.....  
Groceries..... 89.80  
Coal..... 1.75  
Rent..... 5.00  
To send poor family elsewhere..... 5.00

\$115.55  
Money in hand to date.....\$40.81

## IMPROVEMENTS BEING MADE ON M'KEAN AVENUE

Under the supervision of the street committee of council and Street Commissioner Jacob Hornell, improvements have been made on McKean avenue leading from First street to the southern boundary lines of the borough. The street has been widened, and thoroughly improved, so that there is now a driveway on both sides of the Pittsburgh Railways company's tracks. The Charleroi Water company, which is completing improvements around its recently erected filtration plant, in this neighborhood, it is said, is planning to lay side walks and otherwise beautify the appearance of McKean avenue.

Miss Adda Nangle of Washington was the guest Sunday and yesterday of Miss Florence Crill.

Charleroi Will be Cen-  
ter of Trade on  
Saturday

LOCAL DISBURSEMENTS

Charleroi Coal Works and  
Various Factories to Pay  
Their Men

Charleroi promises to be a center of trade to an unusual degree Saturday, from the fact that this week is a general pay week among the mines and in various industries along the valley. Charleroi is always a popular shopping place, and the fact that there are many thousands of dollars to be paid out today, Friday and Saturday indicates a most prosperous week for the merchants here.

The Pittsburg Plate Glass company and the Charleroi Coal mines pay on the 10th and 25th of the month, usually, but the Pittsburg Plate Glass company will pay their men slightly ahead of time today. The pay of each of these concerns averages about \$18,000 or \$20,000 semi-monthly.

The mines up the valley, generally speaking, pay on Saturday of this week. The Henderson mines, opposite Charleroi, where many Charleroi men are employed, will also pay this week, the Macbeth-Evans Glass plant pays weekly, and the Imperial Bottle works will pay this week. The Macbeth-Evans pay average from \$12,000 to \$15,000 weekly and the Imperial somewhat under this amount semi-monthly.

## May Drill Their Well

Court Instructs Gas  
Company to Exercise  
Great Care

In the injunction suit of the Monongahela River Consolidated Coal and Coke company against the Greensboro Gas company, to restrain the latter company from drilling a well on the H. T. Bailey farm in East Pike Run township, the court has handed down a decree, imposing certain conditions upon the gas company, which is allowed to drill a well about 60 feet from the present location. The company is placed under a \$10,000 bond for faithful compliance with the court's decree.

The gas company must case, tube and pack the well, and if gas is found in paying quantities, must cement between the wall of the 3 inch hole and the 10 inch casing to a point at least 30 feet below the coal seam.

The coal company secured the injunction, alleging that the drilling of a gas well would endanger the Knott and Beaumont mines.

Mrs. J. L. Reeves of Fallowfield avenue has gone to near Carmichaels, Greene county, for a visit of a few days with her daughter, Mrs. William Vance.

## State Conservation

In the new Nationalism as preached by Colonel Theodore Roosevelt, and which seems to have made a determined foothold in the future political actions of the people public conservation is destined to play an important part. This issue, or rather economic problem, has now passed the stage of generalities, and is clearly enough specialized to command the thoughtful attention and support of all intelligent citizens. This is the preservation and utilization of our natural resources for the rational use of the people. It means the elimination of wasteful processes of production and the checking of the monopolization of natural resources by private interests.

Already Pennsylvania has entered upon a policy of conservation by endeavoring to repair the ravages of the lumberman's axe which has ravished the magnificent forests of the State and materially reduced the water supply. The State has created a large acreage of forest reserves, and is increasing these as fast as its finances permit. In various other ways the State aids in conservation, but these are mostly indirect, such as preserving the State Health, constructing State roads, and making general conditions better for the development of the agricultural resources of the Commonwealth. It is now in order to adopt a direct line of conservation of natural resources, and work this out in detail as time and opportunity permits.

These are numerous wasteful methods employed in coal mining, coke production, iron and steel manufacturing and in other industries that affect the public, and which if regulated will add to the general comfort and well being. Among these are internal improvements, such as good roads, improved waterways, natural parks and camping grounds for the people and a variety of the things which will add to the pleasure of the people. It is up to the solons of the State to map out such a policy of conservation that will bring comfort and pleasure to the people, and to generously, but judiciously carry it out.

## The Proper Test

By the arrest of a minister of the gospel, who must answer to the charge of libel in the criminal courts, Governor-elect John K. Tener proposes to show to the public that he will not stand for all the libelous slanders uttered against him during the recent campaign. Another warrant has been issued for the arrest of a newspaper editor in Lehigh county, and when this is served three persons will have been bound over to court to answer to the charge of criminal libel. It is said that the dragnet is out for others, and that before the matter is ended a number of people in various parts of the State will have to answer in court for the assertions and accusations they made during the recent campaign.

Many people are not aware that

they cannot attack with impunity the personal character and business integrity of a fellow citizen, even though the latter may be a candidate for office. Not only are such attacks a crime, but they may be made also a basis for civil action for damages. The law protects a man's character, as well as his person and property. Those who know Mr. Tener know that the charges and accusations made against him are base slanders, and those who utter them will face a different proposition when they are called upon to prove these charges before a court at law.

## Local Conditions Govern

According to a physical survey of Charleroi three thousand more people would fully fill up the unoccupied space yet remaining in the town. Already the population here is in excess of the opportunities for employment in the town proper, and many residents gain a livelihood in outside towns and communities. Manifestly, then, the present needs of Charleroi are more concerns in the town that employ people.

This is found to be Pittsburgh's need and the Smoky City is now inaugurating a crusade to attract more diversified industries to their city. In the years past the gigantic iron and steel manufactories have out-classed the smaller concerns, and in a measure dominated their industrial policies to a degree that was not conducive to the latter's prosperity. Consequently the little fellows have sought the smaller cities and rural towns where general conditions were better, and where they could produce cheaper. Conditions in Pittsburgh have driven out the smaller industries. Now the city is seeking to get them back. To accomplish this she will have to remove some of the natural obstacles that at present are deterrent to small concerns operating within that district.

Charleroi is in much the same situation. Condition here must be made easier for small industries to thrive and obtain a foothold. Labor conditions, local taxation, the price of real estate the cost of living, are the prime factors that figure in the establishment and operation of new industries and where these are easiest is where the industries will gravitate. All these questions must be intelligently grappled with and solved before much progress can be made in the desired direction.

## COMMON BATTERY SYSTEM INSTALLED BY BELL COMPANY

A complete new central office equipment of the most up-to-date type is now installed in the main office in Monessen of the Central District Printing and Telegraph company. People's National Bank building. With its new facilities the local telephone exchange there is one of the best equipped in this section of the State. The new switchboard consists of three sections of common battery, lamp signal board equipped for 340 lines. With this switchboard frames, racks and a power plant also have been installed. The subscriber now does not have to ring, as lifting the receiver from the hook automatically flashes the light to the operator, indicating the call.

## WILL PLAY THE ALUMNI

The 1910 football season at California Normal will close Saturday of this week with a game between the Alumni and this year's team. Enthusiasm over the game is at a high pitch in the town and vicinity as well as at the school, every person being anxious to see former stars in uniform again. Captain Cliff Stewart of the Alumni will take no chances and will place a strong team on the field when the whistle sounds for the kickoff. This he should be able to do as the following "grade" and former students will report ready to play: Tobin, Gray, McCleary, Hayes, Steele, Dewar, Wilson, Titus, Junk, Schronitz, Lewellyn, Covert, Smith, Binna, Cummings and many others. The Normal team this year does not have as many points to its credit as past teams but at the same time Coach Wittcraft has made a good showing considering the material he had to work with. The team is working hard

perfecting new plays and will enter the last game of the year determined to win.

Many of the fair sex will be on hand to cheer their former classmates and friends to glory. The school authorities are preparing to entertain all who return.

**Stewart to Lecture**  
There is much anticipation in the lecture tonight to be given at Christ Lutheran church by Hon. Oliver W. Stewart, the noted Prohibition lecturer from Chicago. The lecture is under the auspices of the ministerial association, and is free. The public is cordially invited to attend.

## EVERYONE NEEDS IT

**W. F. Hennings is Having a Wonderful Sale of Thompson's Barosma the Mighty Kidney and Liver Specific**

And no wonder when he offers to refund your money if it doesn't cure any disease of the kidneys, liver or bladder, backache, sideache, nervousness or any weakness of the kidneys. But Thompson's Barosma has made so many almost miraculous cures that Mr. Hennings is pretty certain not to have any returns.

Here are a few instances:  
Frank K. Sturgis, Sturtevant, Crawford county, Pa., was cured of Bright's disease six years ago and only took 6 bottles. He has had no bad symptoms since.

"I had kidney trouble and enlargement of the liver and spleen. I took Thompson's Barosma. The first bottle reduced the measurement around my stomach from 45 to 36 inches and several bottles completely cured me."  
—M. S. Langworthy, Tyroneville, Pa.  
Mrs. Fred Lobelitz of Titusville, Pa. writes that her four year old son was permanently cured of chronic bed wetting with 3 bottles of Thompson's Barosma.

Orson Hopkins of Townville, Pa., was refused life insurance because of kidney complaint and told that he would not live many months. Five bottles cured him, as it has cured thousands before him and thousands since.

After suffering the terrible agony of rheumatism for 10 years, being compelled to use crutches, J. N. Dunn, Troy Co. Pa., after all hope had left him and he had no faith in any remedy, took 6 bottles of Thompson's Barosma, threw away his crutches and went to work for the first time in 10 years.

These statements are absolutely true, and the Thompson Medical company Titusville, Pa. will prove it. Then why should anyone suffer in the face of such facts? How can they suffer when W. F. Hennings guarantees to refund the money if a cure is not effected. Thompson's Barosma, 50 cents and \$1.00 a bottle.

## CATARRH

Quickly Cured by a Pleasant  
Germ-Killing Antiseptic

The little Hyomei, pronounce it High-o-mei, is made of hard rubber, and can easily be carried in pocket or purse. It will last a life time.

Into this inhaler you pour a few drops of magical Hyomei.

This is absorbed by the antiseptic gauze within and now you are ready to breathe it in over the germ-infested membrane, where it will speedily begin its work of killing catarrh germs. Hyomei is made of Australian eucalyptus combined with other antiseptics, and is very pleasant to breathe.

It is guaranteed to cure catarrh, bronchitis, sore throat, croup, coughs and colds, or money back. It cleans out a stuffed-up head in two minutes.

Sold by Piper Bros. and druggists everywhere.

Complete outfit including inhaler, bottle of Hyomei \$1.00. And remember, if you need a second bottle of Hyomei it will cost only 50 cents. Free trial bottle of Hyomei from Booth's Hyomei Co., Buffalo, N. Y. X-7

## DANDRUFF AND ITCHING SCALP YIELD TO THIS TREATMENT

Why experiment trying to drive the dandruff germ from underneath the skin with greasy lotions or fancy hairdressing when Pipers, Drug store will guarantee Zemo and Zemo Soap to entirely rid the scalp of the germ life that causes the trouble.

Zemo and Zemo Soap can be obtained in any city or town in America and are recognized the best and most economical treatment for all affections of the skin or scalp whether on infant or grown person. One shampoo with Zemo Soap and application of Zemo will stop itching and cleanse the scalp of dandruff and scurf.

We invite you to try Zemo and Zemo Soap and if not entirely satisfied will refund your money.

### LOCAL MENTION

Interesting News Items Condensed for Busy Readers.

Councilman Charles O. Frye returned last evening from a weeks visit in Indianapolis and Elwood, Ind., with relatives.

Mr. and Mrs. James Sheler are Pittsburgh visitors today.

R. H. Rush, cashier of the First National bank, has returned from a several day's trip to Philadelphia and New York city.

Miss Nell Dagnall has recovered from a slight illness.

Rev. O. J. Kirby, who for the past three months has been the assistant rector to Rev. W. D. Fries, pastor of St. Jerome's Catholic church here, has been transferred to the Pittsburgh cathedral where he will be an assistant.

Rev. B. Axmacher is transferred from the cathedral to Charleroi to become the assistant of Rev. Fries. Rev. Kirby was a capable assistant and his many friends here are loath to see him leave.

## CHARLEROI MAN MAY BE MANAGER AT NEW CASTLE

Phil Hinton, who last year played with the East Liverpool team of the O. and P. League and who is wintering in Charleroi, is being considered for manager of the New Castle team in the same league and it is likely that he will be selected. Hinton is a catcher, and a good stickler. He is employed at the Donora Steel works.

## "COLLEGE DAYS" APLEASING SHOW

Produced by a troupe composed of real entertainers, "College Days," presented at the Star theatre last night drew a crowded house. It was the first of three days' engagement and the company made good with a vengeance. "College Days," is a clean musical comedy with lots of ginger in which extremely funny situations form the greater part. Good singing and dancing are features. In the troupe are six girls and three comedians.

## Blairsville Minister Must Answer in Court

(Continued from First Page).

the Blairsville Courier takes pleasure in saying, that he feels that he did Mr. Tener a grave wrong in publishing in the issues of the Courier of October 28 and November 4, 1910, certain allegations and assertions that Mr. Tener had at one time been very much under the influence of liquor, said assertions and allegations being contained in a certain sermon delivered by the Rev. W. L. Barrett and published in the Courier and also in an article purporting to be a personal statement of the Rev. Roulston of Vandergrift.

"I have now every reason to believe that the statements were entirely unfounded and that Mr. Tener is a man of abstemious habits and not at all given to any indulgences he has been accused of. It might also be proper to state that the Courier's only source of information concerning this unfortunate statement was the assertion contained in the Rev. Barrett's sermon and that aside from that I have every reason to believe that Mr. Tener was most unjustly accused in this instance.

"In the desire that Mr. Tener may be thoroughly vindicated as to this matter I take pleasure in saying that from the evidence that has lately come into my hands, I am justified in saying that a complete retraction of these assertions and allegations is strictly in accordance with the actual facts and justly due Mr. Tener."

Charles Kerler, Jr.

On Saturday Mr. Tener will go to Allentown, Pa., where he will cause the arrest of a Lehigh county editor for criminal libel. Some other suits are contemplated.

## BLAIRSVILLE MINISTER MUST ANSWER IN COURT

Governor - Elect Sues  
Preacher for Alleged  
Libel

RETRACTIONS BY EDITOR

Admits That Charges of  
Drunkeness Made in Paper  
Were Incorrect

The Rev. William L. Barrett, pastor of the First Presbyterian church of Blairsville, Pa., must answer in the criminal court of Indiana county for charges he made from the pulpit against John K. Tener, the Governor-elect of Pennsylvania. The preacher was arrested yesterday and gave bail for court. The trial will be held in Indiana, Pa., during the first week of December and Mr. Tener will be present.

The information against Mr Barrett was made yesterday at Indiana before Justice J. A. Grossman by Walter H. Gaither, private secretary for Mr. Tener. The charge against the preacher is that of libel and procuring the publication of libelous statements. The later offense consisted in having his sermon printed in the Blairsville Courier. Charles Kerler, Jr., editor of the Courier has issued a statement to the public in which he apologizes for the publication and says that the charges against Mr Tener were entirely unfounded.

On October 23, Mr. Barrett preached a sermon to his congregation in which he referred to Mr. Tener, who was then the Republican candidate for Governor in the following language: "One of the most prominent ministers of this presbytery, a pastor of a church of nearly 600 members, saw this man assisted to a room in a hotel in a state of intoxication and the next morning it took two men to assist him to the railroad station to put him on the train and start him home."

This utterance is made the basis for the libel charge. Mr. Barrett is accused of carrying a copy of his sermon to the office of the Blairsville Courier and arranging to have it published. He is credited with having corrected the proof sheets before the publication was made. This action forms the basis for the charge of procuring the publication of libelous statements. The accusations made by the preacher are denied by Mr. Tener and held to be absolutely false, untrue and incorrect.

When Mr. Tener heard of the preacher's charge he immediately denied them from the stump and decided that he would begin prosecution whether he won or lost the Governorship. Since the election Mr. Barrett has accepted a call to a charge in Bellefontaine, O. He expected to leave Pennsylvania about the first of the new year.

When the warrant was served on Mr. Barrett he gave bail before Justice J. G. Geib of Blairsville. His bond is for \$500 for his appearance in criminal court during the first week in December. His bondsmen are T. C. Watson, W. M. Hosack and C. H. Moore.

Editor Kerler of the Courier will not be arrested as he has made a complete retraction and issued the following statement "to whom it may concern:"

"In order that no injustice may be done to Gov.-elect John K. Tener in the interest of truth and justice, the undersigned editor and publisher of

(Continued on fourth page.)

## HENS ON STRIKE; EGGS COST MORE

Strictly Fresh Hen Fruit Now a  
Luxury That Only Most  
Wealthily Can Afford

Western Pennsylvania hens are taking life easy these days and are not bothering themselves much about laying eggs. With the result that strictly fresh eggs have become a positive luxury. The price has advanced in most places to 38 cents a dozen, and some Charleroi dealers are selling them at 40 cents. The egg shortage has become most pronounced. Storage eggs which are quoted at 26 to 27 cents are expected to go higher.

## MISS BUSH TELLS OF SHOOTING

Young Woman Says  
She Shot to Protect  
Herself

CLAIMS MAN ANNOYED HER

Interesting developments are expected as the outcome of the shooting affair at Monongahela yesterday morning, when Miss Iva Bush, a telegraph operator who for the past few weeks has been employed at the Baird tower, shot P. R. R. Detective W. T. Smith. Miss Bush was before Superintendent A. G. Mitchell of the Monongahela division yesterday and told her story. She says that she was on her way home early Monday morning when she was accosted on the street by Officer Smith who had made a previous visit to the tower where she was employed to make an arrest, and that he had asked her the question "Why do you say I have it in for you?" She said she wouldn't reply and further questions and annoyance caused her to turn from her path and ask him if he saw a revolver which she had. She says this was not effective in stopping the annoyances and she fired once at the pavement when Smith grabbed her to wrest the revolver from her grasp. She fired two more times, one of the bullets grazing Smith's hip. Conductor Kinsner arrived and took the girl home.

Smith's story corresponds in many particulars with that of the young woman, but he absolved himself from blame, and says it was in the pursuance of his duty that he was shot, and claims he had not been guilty of annoying Miss Bush. The latter is under \$2,000 bail for her appearance at court.

## PREVIOUS RECORDS SMASHED

Pennsylvania Furnished  
Much Coal For  
Lake Trade

SEASON CLOSED LAST WEEK

Pittsburg Field Benefitted by  
Suspensions in Illinois  
and at Irwin

With the close of the lake trade coal season last week closed what has proved a record breaking period for coal shipments from Western Pennsylvania. This year practically all the coal for the lake trade, which usually comes from other fields, was furnished by the Pennsylvania mines.

The lake trade season essentially closed the first of last week, although there are still a few shipments of coal to be made to go in the bulks of ore carriers bound up the lakes on their final trips. Insurance on the carriers is now bid and the ore trade all but over. All the coal companies enjoying the benefit of the lake trade have had good seasons, and the Pittsburg Coal company and the Pittsburg-Buffalo company have done particularly well.

Coal authorities state that the 1910 season will show a clear gain of more than 3,000,000 tons over the showing of 1909, and will break all existing records. There were other causes besides the unexcelled quality of Western Pennsylvania coal that have contributed to the increased business. The strike in the Illinois field was a large factor, the Western Pennsylvania and Monongahela valley companies supplying coal needs in territory which usually draws its supply from the closer fields. The Irwin field strike was another factor which helped the active companies in the valley.

## DIES FROM INJURIES

Young Miner Hurt Ten  
Weeks Ago in  
Local Mines

MULE FELL ON HIS CHEST

From injuries received ten weeks ago in the Charleroi Coal mines, when a mule fell on him, Joseph Baker, 19 years old, the son of Mr. and Mrs. Michael Baker of 1205 Meadow avenue, died yesterday in the Mercy Hospital at Pittsburg. The injuries causing his death were about the chest.

The funeral of the young man who was a well known young Italian, will be held Thursday, and interment will likely be in the Charleroi cemetery.

## UNCLE TOM'S CABIN COMING

One of the real treats of each theatrical season is that old but ever popular stage story "Uncle Tom's Cabin" as presented by Stetson's big spectacular company, which will be seen at the Coyle Theatre, matinee and night, November 25. As in former years, Manager Washburn has equipped his sterling company with new effects, and some startling scenic, electrical and mechanical surprises are promised. The vaudeville and specialty numbers are said to be of the 1910 order while the negro melodies and the old southern plantation songs are rendered as only the genuine southern darkies know how to sing them.

Are you interested in McCall patterns? We should like every woman who possibly can to come here Friday and meet Miss Paulus from The McCall Co. You will not be asked to buy. J. W. Berryman and Son, 8912

## RUNAWAY ALMOST A TRAGEDY

Councilman Has a Nar-  
row Escape from  
Instant Death

ENGINE SCARES HORSE

Animal Dashes up Hillside  
and Overtakes Buggy on  
the Driver

Councilman Charles Schmeier had a narrow escape from death yesterday in a runaway of his horse on the Maple Creek road. As it was, the councilman and meat dealer was seriously injured, and when he was picked up it was at first thought he was dead.

Mr. Schmeier with others in his employ were driving cattle down the Maple Creek road to his slaughter house in Twilight borough territory. When not far distant from the garbage furnace a traction engine of the Donora Construction company, driven in an opposite direction was encountered. The engine was stopped until the cattle passed, and then Mr. Schmeier claims was started up again. W. H. Hannen was driving in a buggy in front of Mr. Schmeier. Hannen's horse became frightened and backed into the rig of Councilman Schmeier. This scared the latter's animal and it whirled and dashed away, one shaft beating its side and spurring it on to greater speed.

The horse nearing Michener's stable a few hundred feet away from the garbage furnace, dashed up the hillside and the buggy was overturned. This threw Councilman Schmeier out, who had managed to thus far retain his seat and dragged him a distance of some 25 or 30 feet. The buggy fell on him and the frightened horse tearing the harness into bits escaped and dashed madly into town.

The councilman was picked up unconscious by friends and brought home. Dr. J. W. Patton was called in attendance. Councilman Schmeier was bruised and otherwise hurt about the right side of his body and his right arm is practically useless. Apparently no bones were broken, and it is hoped it will be completely recovered within a few days. The buggy was entirely wrecked. This Mr. Schmeier says with the harness destroyed, entail a loss of about \$50.

## STARTING SCHOOLS

Miners Will Be Given  
Opportunity to Bet-  
ter Themselves

ONE TO BE AT PRICEDALE

Three mining schools are being established in this immediate section partly as a result of a meeting held here last Saturday night of superintendents and mining men. These are at Pricedale, Fayette City and Coal Centre. Thomas Eastman, the superintendent of the Pricedale mines, is starting the one at Pricedale. Thomas Cavanaugh, superintendent of Arnold No. 1 and No. 2 mines, the one at Fayette City, and Thomas Locke, a mine foreman, the one at Coal Centre.

To send poor family elsewhere.....5.00  
\$115.55  
Money in hand to date.....\$40.81

## IMPROVEMENTS BEING MADE ON M'KEAN AVENUE

Under the supervision of the street committee of council and Street Commissioner Jacob Hornell, improvements have been made on McKean avenue leading from First street to the southern boundary lines of the borough. The street has been widened, and thoroughly improved, so that there is now a driveway on both sides of the Pittsburg Railway company's tracks. The Charleroi Water company, which is completing improvements around its recently erected filtration plant, in this neighborhood, it is said, is planning to lay side walks and otherwise beautify the appearance of McKean avenue.

Miss Adda Nangle of Washington was the guest Sunday and yesterday of Miss Florence Crill.

Charleroi Will be Cen-  
ter of Trade on  
Saturday

LOCAL DISBURSEMENTS

Charleroi Coal Works and  
Various Factories to Pay  
Their Men

Charleroi promises to be a center of trade to an unusual degree Saturday, from the fact that this week is a general pay week among the mines and in various industries along the valley. Charleroi is always a popular shopping place, and the fact that there are many thousands of dollars to be paid out today, Friday and Saturday indicates a most prosperous week for the merchants here.

The Pittsburg Plate Glass company and the Charleroi Coal mines pay on the 10th and 25th of the month, usually; but the Pittsburg Plate Glass company will pay their men slightly ahead of time today. The pay of each of these concerns averages about \$18.00 or \$20.00 semi-monthly.

The mines up the valley, generally speaking, pay on Saturday of this week. The Henderson mines, opposite Charleroi, where many Charleroi men are employed, will also pay this week, the Macbeth-Evans Glass plant, pays weekly, and the Imperial Bottle works will pay this week. The Macbeth-Evans pay average from \$12,000 to \$15,000 weekly and the Imperial somewhat under this amount semi-monthly.

## May Drill Their Well

Court Instructs Gas  
Company to Exercise  
Great Care

In the injunction suit of the Monongahela River Consolidated Coal and Coke company against the Greensboro Gas company, to restrain the latter company from drilling a well on the H. T. Bailey farm in East Pike Run township, the court has handed down a decree, imposing certain conditions upon the gas company, which is allowed to drill a well about 60 feet from the present location. The company is placed under a \$10,000 bond for faithful compliance with the court's decree.

The gas company must case, tape and pack the well, and if gas is found in paying quantities, must cement between the wall of the 8 inch hole and the 10 inch casing to a point at least 30 feet below the coal seam.

The coal company secured the injunction, alleging that the drilling of a gas well would endanger the Knott and Beaumont mines.

Mrs. J. L. Reeves of Fallowfield avenue has gone to near Carmichaels, Greene county, for a visit of a few days with her daughter, Mrs. William Vance.

## State Conservation

In the new Nationalism as preached by Colonel Theodore Roosevelt, and which seems to have made a determined foothold in the future political actions of the people public conservation is destined to play an important part. This issue, or rather economic problem, has now passed the stage of generalities, and is clearly enough specified to command the thoughtful attention and support of all intelligent citizens. This is the preservation and utilization of our natural resources for the rational use of the people. It means the elimination of wasteful processes of production and the checking of the monopolization of natural resources by private interests.

Already Pennsylvania has entered upon a policy of conservation by endeavoring to repair the ravages of the lumberman's axe which has ravished the magnificent forests of the State and materially reduced the water supply. The State has created a large acreage of forest reserves, and is increasing these as fast as its finances permit. In various other ways the State aids in conservation, but these are mostly indirect, such as preserving the State Health, constructing State roads, and making general conditions better for the development of the agricultural resources of the Commonwealth. It is now in order to adopt a direct line of conservation of natural resources, and work this out in detail as time and opportunity permits.

These are numerous wasteful methods employed in coal mining, coke production, iron and steel manufacturing and in other industries that affect the public, and which if regulated will add to the general comfort and well being. Among these are internal improvements, such as good roads, improved waterways, natural parks and camping grounds for the people and a variety of the things which will add to the pleasure of the people. It is up to the solons of the State to map out such a policy of conservation that will bring comfort and pleasure to the people, and to generously, but judiciously carry it out.

## The Proper Test

By the arrest of a minister of the gospel, who must answer to the charge of libel in the criminal courts, Governor-elect John K. Tener proposes to show to the public that he will not stand for all the libelous slanders uttered against him during the recent campaign. Another warrant has been issued for the arrest of a newspaper editor in Lehigh county, and when this is served three persons will have been bound over to court to answer to the charge of criminal libel. It is said that the dragnet is out for others, and that before the matter is ended a number of people in various parts of the State will have to answer in court for the assertions and accusations they made during the recent campaign.

Many people are not aware that

they cannot attack with impunity the personal character and business integrity of a fellow citizen, even though the latter may be a candidate for office. Not only are such attacks a crime, but they may be made also a basis for civil action for damages. The law protects a man's character, as well as his person and property. Those who know Mr. Tener know that the charges and accusations made against him are base slanders, and those who utter them will face a different proposition when they are called upon to prove these charges before a court at law.

## Local Conditions Govern

According to a physical survey of Charleroi three thousand more people would fully fill up the unoccupied space yet remaining in the town. Already the population here is in excess of the opportunities for employment in the town proper, and many residents gain a livelihood in outside towns and communities. Manifestly, then, the present needs of Charleroi are more concerns in the town that employ people.

This is found to be Pittsburgh's need and the Smoky City is now inaugurating a crusade to attract more diversified industries to their city. In the years past the gigantic iron and steel manufacturing have out-classed the smaller concerns, and in a measure dominated their industrial policies to a degree that was not conducive to the latter's prosperity. Consequently the little fellows have sought the smaller cities and rural towns where general conditions were better, and where they could produce cheaper. Conditions in Pittsburgh have driven out the smaller industries. Now the city is seeking to get them back. To accomplish this she will have to remove some of the natural obstacles that at present are deterrent to small concerns operating within that district.

Charleroi is in much the same situation. Condition here must be made easier for small industries to thrive and obtain a foothold. Labor conditions, local taxation, the price of real estate the cost of living, are the prime factors that figure in the establishment and operation of new industries and where these are easiest is where the industries will gravitate. All these questions must be intelligently grappled with and solved before much progress can be made in the desired direction.

## COMMON BATTERY SYSTEM INSTALLED BY BELL COMPANY

A complete new central office equipment of the most up-to-date type is now installed in the main office in Monessen of the Central District Printing and Telegraph company, People's National Bank building. With its new facilities the local telephone exchange there is one of the best equipped in this section of the State. The new switchboard consists of three sections of common battery, lamp signal board equipped for 340 lines. With this switchboard frames, racks and a power plant also have been installed. The subscriber now does not have to ring, as lifting the receiver from the hook automatically flashes the light to the operator, indicating the call.

## WILL PLAY THE ALUMNI

The 1910 football season at California Normal will close Saturday of this week with a game between the Alumni and this year's team. Enthusiasm over the game is at a high pitch in the town and vicinity as well as at the school, every person being anxious to see former stars in uniform again. Captain Cliff Stewart of the Alumni will take no chances and will place a strong team on the field when the whistle sounds for the kickoff. This he should be able to do as the following "grads" and former students will report ready to play: Tobin, Gray, McCleary, Hayes, Steele, Dewar, Wilson, Titus, Junk, Schrontz, Lewellyn, Covert, Smith, Binns, Cummings and many others.

The Normal team this year does not have as many points to its credit as past teams but at the same time Coach Wittercraft has made a good showing considering the material he had to work with. The team is working hard

perfecting new plays and will enter the last game of the year determined to win.

Many of the fair sex will be on hand to cheer their former classmates and friends to glory. The school authorities are preparing to entertain all who return.

## Stewart to Lecture

There is much anticipation in the lecture tonight to be given at Christ Lutheran church by Hon. Oliver W. Stewart, the noted Prohibition lecturer from Chicago. The lecture is under the auspices of the ministerial association, and is free. The public is cordially invited to attend.

## EVERYONE NEEDS IT

W. F. Hennings is Having a Wonderful Sale of Thompson's Barosma the Mighty Kidney and Liver Specific

And no wonder when he offers to refund your money if it doesn't cure any disease of the kidneys, liver or bladder, backache, sideache, nervousness or any weakness of the kidneys. But Thompson's Barosma has made so many almost miraculous cures that Mr. Hennings is pretty certain not to have any returns.

Here are a few instances: Frank K. Sturgis, Sturtevant, Crawford county, Pa., was cured of Bright's disease six years ago and only took 6 bottles. He has had no bad symptoms since.

"I had kidney trouble and enlargement of the liver and spleen. I took Thompson's Barosma. The first bottle reduced the measurement around my stomach from 45 to 36 inches and several bottles completely cured me."

M. S. Langworthy, Tyroneville, Pa. Mrs. Fred Lobelitz of Titusville, Pa. writes that her four year old son was permanently cured of chronic bed wetting with 3 bottles of Thompson's Barosma.

Orson Hopkins of Lewinville, Pa., was refused life insurance because of kidney complaint and told that he would not live many months. Five bottles cured him, as it has cured thousands before him, and thousands since.

After suffering the terrible agony of rheumatism for 10 years, being compelled to use crutches, J. N. Dunn, Troy Centre, Pa., after all hope had left him and he had no faith in any remedy, took 6 bottles of Thompson's Barosma, threw away his crutches and went to work for the first time in 10 years.

These statements are absolutely true, and the Thompson Medical company Titusville, Pa. will prove it. Then why should anyone suffer in the face of such facts? How can they suffer when W. F. Hennings guarantees to refund the money if a cure is not effected. Thompson's Barosma, 50 cents and \$1.00 a bottle.

## CATARH

Quickly Cured by a Pleasant Germ-Killing Antiseptic

The little Hyomei, pronounce it high-o-mee inhaler is made of hard rubber, and can easily be carried in pocket or purse. It will last a life time.

Into this inhaler you pour a few drops of magical Hyomei.

This is absorbed by the antiseptic mucus within and now you are ready to breathe it in over the germ-infested membrane, where it will speedily begin its work of killing catarrh germs. Hyomei is made of Australian eucalyptus combined with other antiseptics, and is very pleasant to breathe.

It is guaranteed to cure catarrh, tonsillitis, sore throat, croup, coughs and colds, or money back. It cleans a stuffed-up head in two minutes. Sold by Piper Bros. and druggists everywhere.

Complete outfit including individual pocket inhaler and one bottle of Hyomei \$1.00. And remember, if you need a second bottle of Hyomei it will cost only 50 cents. Free trial bottle of Hyomei from Booth's Home Co., Buffalo, N. Y. X-7

**DANDRUFF AND ITCHING SCALP YIELD TO THIS TREATMENT**

Why experiment trying to drive the dandruff germ from underneath the scalp with greasy lotions or fancy dressing when Pipers, Drug store will guarantee Zemo and Zemo Soap to rid the scalp of the germ life it causes the trouble.

Zemo and Zemo Soap can be obtained in any city or town in America and is recognized the best and most economical treatment for all affections of the skin or scalp whether on infant or grown person. One shampoo with Zemo Soap and application of mo will stop itching and cleanse scalp of dandruff and scurf.

We invite you to try Zemo and mo Soap and if not entirely satisfied we refund your money.

### LOCAL MENTION

#### Interesting News Items Condensed for Busy Readers.

Councilman Charles O. Frye returned last evening from a week's visit in Indianapolis and Elwood, Ind., with relatives.

Mr. and Mrs. James Sheler are Pittsburgh visitors today.

R. H. Rush, cashier of the First National bank, has returned from a several day's trip to Philadelphia and New York city.

Miss Nell Dagnall has recovered from a slight illness.

Rev. O. J. Kirby, who for the past three months has been the assistant pastor to Rev. W. D. Fries, pastor of St. Jerome's Catholic church here, has been transferred to the Pittsburgh cathedral where he will be an assistant.

Rev. B. Axmacher is transferred from the cathedral to Charleroi to become the assistant of Rev. Fries. Rev. Kirby was a capable assistant and his many friends here are loath to see him leave.

### CHARLEROI MAN

#### MAY BE MANAGER

#### AT NEW CASTLE

Phil Hinton, who last year played with the East Liverpool team of the O. and P. League and who is wintering in Charleroi, is being considered for manager of the New Castle team in the same league and it is likely that he will be selected. Hinton is a catcher, and a good stickler. He is employed at the Donora Steel works.

### "COLLEGE DAYS"

#### APLEASING SHOW

Produced by a troupe composed of real entertainers, "College Days," presented at the Star theatre last night drew a crowded house. It was the first of three days' engagement and the company made good with a vengeance. "College Days," is a clean musical comedy with lots of ginger in which extremely funny situations form the greater part. Good singing and dancing are features. In the troupe are six girls and three comedians.

### Blairsville Minister

#### Must Answer in Court

(Continued from First Page).

the Blairsville Courier takes pleasure in saying that he feels that he did Mr. Tener a grave wrong in publishing in the issues of the Courier of October 28 and November 4, 1910, certain allegations and assertions that Mr. Tener had at one time been very much under the influence of liquor, said assertions and allegations being contained in a certain sermon delivered by the Rev. W. L. Barrett and published in the Courier and also in an article purporting to be a personal statement of the Rev. Roulston of Vandergrift.

"I have now every reason to believe that the statements were entirely unfounded and that Mr. Tener is a man of abstemious habits and not at all given to any indulgences he has been accused of. It might also be proper to state that the Courier's only source of information concerning this unfortunate statement was the assertion contained in the Rev. Barrett's sermon and that aside from that I have every reason to believe that Mr. Tener was most unjustly accused in this instance.

"In the desire that Mr. Tener may be thoroughly vindicated as to this matter I take pleasure in saying that from the evidence that has lately come into my hands, I am justified in saying that a complete retraction of these assertions and allegations is strictly in accordance with the actual facts and justly due Mr. Tener."

Charles Kerler, Jr.

On Saturday Mr. Tener will go to Allentown, Pa., where he will cause the arrest of a Lehigh county editor for criminal libel. Some other suits are contemplated.

## Are You Like This?

Tired all the time, not much good for anything, hardly able to drag around, just all run down.

If you are, we guarantee our VINOL will help you. It has helped many people around here who were in this condition.

Now look here, just try one bottle of VINOL, and if you are not satisfied that it did you good, come back and get your money. It will be returned without question. That is a fair proposition and shows our faith in VINOL, and that we do not want your money unless you receive benefit.

We know what we are talking about because we have sold VINOL for years, and have seen how much good it has done among our customers.

VINOL is not a patent, secret nostrum, but an honest, tried and true body builder and strength creator of world-wide fame, delicious and easy to take. Come in today and start your cure at once. You take no risk.
